EXITFLEX®

SWISS INNOVATION AT YOUR FINGERTIPS

# SPEEDY 7

## AIRLESS TIP
## BUILT FOR ALL JOBS

## SWISS-ENGINEERED. LOCK-SECURED. PRESSURE-READY.

For pros who push performance to the limit — Speedy 7 delivers unmatched safety, durability, and precision under high pressure.

## KEY BENEFITS

### ALL APPLICATIONS COVERED

**Over 715 tip sizes:**

+ Production / High Pressure (298 sizes)
+ Low pressure / Fine finish (229 sizes)
+ Line striping (188 sizes)
+ TwinTips & Very Wide Angle (up to 120°)

### HIGH-PRESSURE READY

+ Tip locking mechanism for added safety
+ Designed for extreme jobs: shipbuilding, heavy industry
+ Exclusively compatible with RAC® X and TwinFit®

### SMART ERGONOMICS

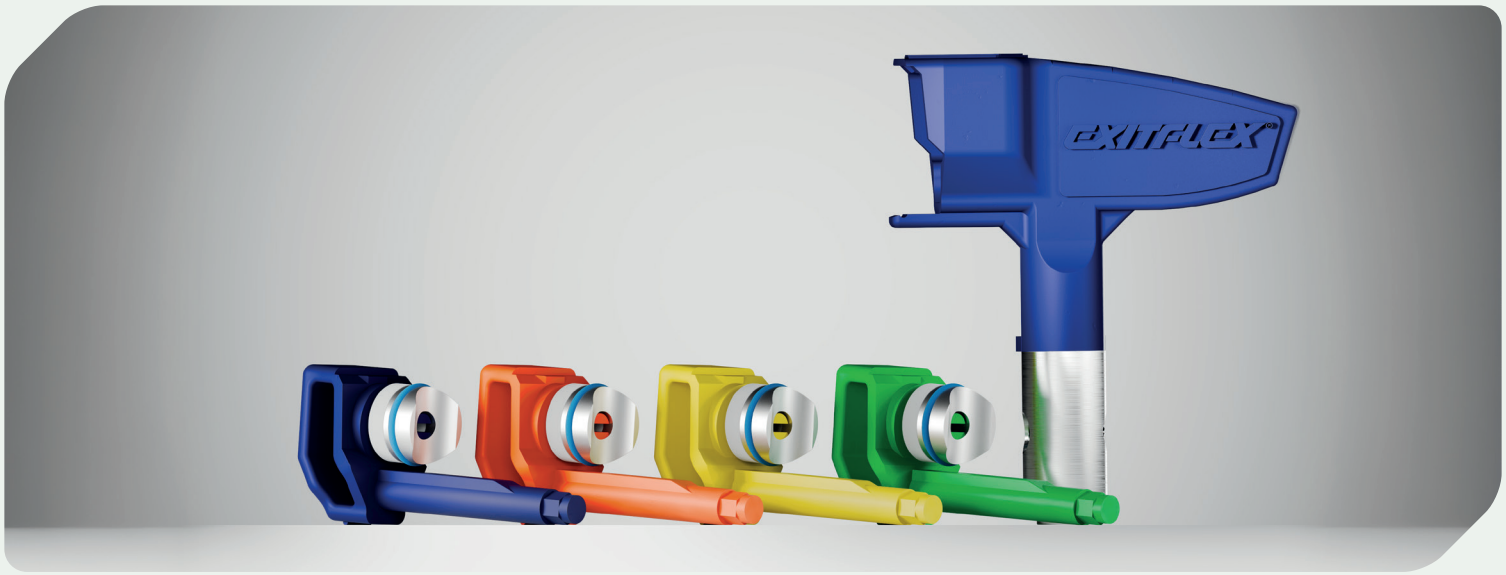
+ Non-slip grip, even with gloves
+ Built-in positioning tool
+ O-ring secured seal for reliability

## PATENTED INNOVATION

Speedy tips are the only spray tips with an integrated seal + fitting tool in the handle for faster, more convenient setup.

SWISS MADE

RAC® is a registered trademark of GRACO



# WIDE RANGE OF TIP CATEGORIES

## PRODUCTION & HIGH PRESSURE TIPS

Orifice: 0.007”–0.061” | Angle: 10°–90°
For residential, commercial, and industrial jobs

## LOW PRESSURE & FINE FINISH

Orifice: 0.006”–0.034”
Feathered edges, reduced overspray, perfect overlap

## LINE STRIPER TIPS (LM TIP)

Orifice: 0.011”–0.055”
Sharp edges for parking lots, roads, runways

## WIDE ANGLE TIPS

Available for all Production tips, Low pressure & fine finish tips

Spray angles up to 120°
Perfect for large walls, façades, tanks and steel structures

## TWINTIPS

Orifice: 0.010”–0.022”
Dual angles: 20° + 40° or 50° or 60°

## ENGINEERED FOR THE EXTREME

+ Individually tested for accuracy and flow
+ Super-hard carbide ensures long-lasting fan shape
+ Flip to clean in seconds
+ Made for very high-pressure applications

**SPEEDY 7 ISN’T JUST A TIP — IT’S A SAFETY-FIRST UPGRADE.**

**PAIR IT WITH TWINFIT® TO DOMINATE EVERY APPLICATION, EVEN UNDER EXTREME CONDITIONS.**
