EXITFLEX®

SWISS INNOVATION AT YOUR FINGERTIPS

ONE GUARD FOR RAC® 5 RAC® X Tips ONE GUARD FOR

TWINFIT®

THE UNIVERSAL AIRLESS GUARD

KEY BENEFITS

WIDE APPLICATIONS

Use one guard for all your airless spraying needs — production, high-pressure, fine finish, low-pressure, wide-angle, line marking and more.

DOUBLE TIP DELIVERY

Insert two tips. On one side RAC® 5, RAC® XHD and SC-6 tips and on the other side RAC® X tips and switch instantly for speed and flexibility.

UNIVERSAL COMPATIBILITY

Engineered for convenience. Twinfit connects seamlessly to almost any professional airless spray gun. Tighten by hand or wrench to any 7/8" or 11/16" connection.

DESIGNED FOR SIMPLICITY

Only two seals required. Our unique SealEx® 6 for RAC® 5, RAC® XHD, and SC-6 tips, and SealEx® 7 for RAC® X tips ensure reliable performance and perfect adaptability.

SAFETY-FIRST PAINTING

Maximize control, and protect the user: TwinFit is built to support professionals 'under pressure'.

TECHNICAL HIGHLIGHTS

+ Pressure rated up to 530 BAR / 7,700 PSI
+ Accepts RAC® 5, RAC® XHD, SC-6 and RAC® X tips
+ Perfect match for ExitFlex Speedy 6 and Speedy 7 airless tips
+ Rugged, durable and ready for all-day use

FIT IT. FORGET IT. WORK SMARTER.

TwinFit helps professional painters to simplify their setups, cut costs and boost productivity — all with one universal, Swiss-engineered guard.

SWISS MADE

RAC® is a registered trademark of GRACO
